

QVSD CHEAT SHEET

TECHNOLOGY

Step One: Hardware

Check out a Chromebook, charging cord, and head set for each of your students (One-to-One) on September 2nd, 3rd or 4th. (See timeframe enclosed.)

Step Two: Internet Connectivity

If you are in-need of connectivity due to financial issues, we will assist you through COVID. We will install Centurylink services or provide you with a hot spot. If your location does not allow internet connectivity, we will arrange for your student to come into school. Call 360-374-6262, ext. 110.

Step Three: Online Platform

Fuel Education (K12) is our online learning platform. Your student's log-in information will be issued with the Chromebook. Your student will be assigned a two-hour course, *Online Learning*. We suggest you complete the course with your student. This must be completed by September 8th.

STUDENT ATTENDANCE

Commitment to Learning

Students are required to "attend" school daily by logging into the Fuel Education System/Platform. Your student's activities will be logged and recorded in the system and we will be monitoring your student's participation daily. Your student will be required to complete daily synchronous learning sessions (live teacher/student sessions) and asynchronous learning (recorded sessions, independent class assignments, reading, videos, etc.) See your student's specific daily online schedule for more details.

Put this on your refrigerator for a quick reference!

Breakfast and Lunches

NEW THIS YEAR

Every enrolled student in QVSD can receive a free breakfast and free lunch.

Only the student or guardian of the student that day can pick up the breakfast/lunch.

Starting September 2nd

Bus Route Delivery Only
Separate Breakfast & Lunch

8:30 a.m.

Breakfast Route Starts

12:00 p.m.

Lunch Route Starts

Bus Routes are posted at

<https://www.qvschools.org/Domain/59>

Call Tami Shaner if you don't know your student's pick-up location on the bus route prior to September 2nd at 360-374-6262, ext. 153.
